

Camp Rise And Shine

March 2006

BUGLE

"If you then be risen with Christ..."

Colossians 3:1

"Let your light so shine..."

Matthew 5:16

Greetings from Camp Rise And Shine!

It has been a wet winter here in West Virginia but we needed the snow and rain to make up for the dry summer. The weather has  slowed our building progress on the Dining Hall / Kitchen but we did  make some progress. The blocks are laid for the lower level of the building except for a few corrections that need to be made. The next step will be to pour the floor, then we can start on the upper level. We were hoping to have the building "dried in" to use for camp this summer, but at the rate we are going we may not make it. Please pray with us that we may get the building done in a timely manner.

Besides the new building, we are starting another project that we hadn't planned on starting yet. Camp Rise And Shine received funds designated towards a fish pond.  A survey is being done on the property to help us determine the best location for the pond. The Lord is really blessing!

We are in the middle of making plans and preparations for camp this summer. One thing we would like to get for this summer is a new swimming pool. The one we have been using the last few years is beginning to show some wear. Of all the recreational activities, it seems swimming is the most favorite here at Camp Rise And Shine.

Lord willing we will have more updates in our next newsletter on our progress on everything.

For our Lord and Savior Jesus Christ,
Mark & Betty Dudley
