The trip camps this year were more exciting and faster paced than what the camel in the photo is showing! We took in *The Creation Museum*, *The Ark Encounter*, swimming at Greenbo Lake Resort State Park, and other outings. To see more of what we did, go to our website and view some of the pictures of this year's camps. Also, you will see a few pictures of the new cabin we were able to use at camp this year (although it is not quite finished yet).

One of the highlights of camp this year was visiting the life size replica of Noah's Ark. It really brought the Bible to life seeing the ark's size and walking through the three levels and seeing what it may have been like. It truly was amazing seeing God's provision of salvation from the flood for Noah and his family. The whole *Ark Encounter* experience was a beautiful picture of God's salvation for us. There was only one door on the ark for Noah and his family to enter to be saved from God's judgment and there is only one door - the Lord Jesus Christ - through which you and I must pass through to be saved from the penalty of our sins.

It was good to see the interest the campers showed while visiting *the Ark* and *the Creation Museum*. They took in a lot to take back with them. Some of the things we heard from some of their parents about the trip was pretty amazing.

The Lord blessed us with some great kids this year and it was a joy to have had a part in helping mold their lives in the way of the Lord.

Thank you for your prayers and support. Please continue to remember us as we prepare through to next years camp season.

Love in Christ,
Mark & Betty Dudley
