This year at Camp Rise And Shine the campers enjoyed **"LOOKING FOR CLUES"**. Our detective theme was a big hit with everyone as we searched God's Word, and considered the evidence of His truth. The pictures above show one of the crafts that the campers did during the week.

We've had a rainy year here in West Virginia with record rainfall but during the camp weeks God blessed us with good weather!

A lot of great things happened at camp. During the boys week there were two boys who made professions of faith accepting the Lord Jesus Christ as Savior. That is what makes camp worthwhile - seeing lives changed! Thank you, everyone for your prayers and support!

Please continue to pray for us as we make plans for next years camps. We are considering another trip camp and there is a lot to consider working out all the details.

Love in Christ, Mark & Betty Dudley
